

Loop End Fixing

Applications

The loop end fixing is an ideal method for wrapping around:

- Purlins
- Beams
- Roof trusses
- Other accessible building features

Product Advantages

- Quick choke knot installation
- No need for nuts, bolts, clamp fixing or other accessories
- Up to 6 times faster installation compared with threaded rod or chain

Loop End Fixing Sizes

Size	Weight range
No.1	0 – 10kg
No.2*	10 – 45kg
No.3*	45 – 90kg
No.4	90 – 225kg
No.5	225 – 325kg

- The above sizes have a 5:1 safety factor.
- Available in lengths 1m to 10m as standard – other lengths on request.

*Stainless steel loop hangers are available in sizes No.2 and No.3.

example Item order No.	prefix - size - length
	HF - No.2 - 1m
